

AUTOZENTIC

WhatsApp Marketing and Social Chatbot

A complete digital engagement solution for Avenza Ceramic

Prepared for	Nilesh Singhal
Business	Avenza Ceramic
Prepared by	Autozentic
Date	24 August 2026

Professional fee: As per commercial terms + applicable taxes

Includes WhatsApp marketing software, Instagram and Facebook chatbot service, one year server support, two years bug support, and one month of Instagram and Facebook ad campaign management.

1. Proposal Summary

Autozentic will help Avenza Ceramic manage customer conversations, promote products, capture enquiries and run measurable digital campaigns across WhatsApp, Instagram and Facebook.

The solution is designed for a ceramic, tile, marble and surface business where customers often ask about product availability, size, price, delivery, showroom visits and project requirements.

Business objective	How the solution helps Avenza Ceramic
Generate more enquiries	Use Instagram and Facebook campaigns with WhatsApp call-to-action and lead capture.
Respond faster	Use automated replies for product, showroom, delivery and price-related questions.
Promote collections	Broadcast approved WhatsApp campaigns for new products, offers and seasonal promotions.
Improve follow-up	Store conversations, tags, customer notes and lead information in one place.
Measure performance	Track delivery, read, reply, lead and ad-campaign performance.

Implementation principle

The system will be configured around Avenza Ceramic's actual products, customer questions, showroom information and sales process. Final automation content will be prepared after receiving business details and approved content from the client.

Included channels

- WhatsApp Business marketing and customer communication
- Instagram direct-message chatbot and enquiry automation
- Facebook Messenger chatbot and enquiry automation
- Instagram and Facebook advertising campaign management

2. WhatsApp Marketing Services

The WhatsApp marketing system will help Avenza Ceramic communicate with customers and prospects through structured, permission-based campaigns.

- Customer contact management with tags and categories
- Promotional broadcasts for tile, ceramic, marble and surface collections
- Product launch, offer, festival and seasonal campaigns
- Approved WhatsApp template management
- Scheduled campaigns and campaign history
- Delivery and read-status tracking
- Central inbox for customer replies
- Customer notes, lead status and follow-up information
- Manual staff takeover when a customer needs personal assistance
- Basic campaign performance reporting

Example campaigns

Campaign	Example message purpose
New collection	Announce new marble-look, bathroom, outdoor or large-format tile collections.
Showroom visit	Invite customers to visit the showroom and review actual samples.
Trade promotion	Share dealer, contractor or project pricing with eligible contacts.
Follow-up	Remind a customer about a quotation, sample review or site visit.

Important operating condition

Broadcast campaigns require customer consent and approved message templates. Avenza Ceramic will provide or approve the contact list and promotional content before campaigns are sent.

3. Official Meta WhatsApp Message Charges

Meta charges WhatsApp Business Platform messages on a per-delivered-message basis. The applicable rate depends on the destination market and message category.

Meta confirms that it charges when a message is delivered, not merely when it is sent. Rates vary by market and category. See the [official Meta pricing page](#).

Category	India reference rate	Typical use
Marketing	Rs. 0.8631 per delivered message	Promotions, product launches, offers and broadcasts
Utility	Rs. 0.1150 per delivered message	Order, payment and delivery updates
Authentication	Rs. 0.1150 per delivered message	OTP and account verification
Authentication - international	Rs. 2.4971 per delivered message	OTP sent to recipients outside the business country
Service replies	Generally free within the customer-service window	Replies to incoming customer enquiries

Rate-card disclaimer

The above India figures are a current working reference for the July 2026 rate card. Meta may revise rates, tiers or category rules. Final charges, applicable taxes and any third-party platform fees will be billed separately and are not included in Autozentic's professional fee.

4. Instagram and Facebook Chatbot

The chatbot will help Avenza Ceramic answer common questions and capture useful information before handing the conversation to the sales team.

- Product and collection enquiry automation
- Tile size, application and availability questions
- Marble, granite and ceramic enquiry flow
- Price and catalogue request capture
- Showroom location and timing information
- Delivery-area and service-area information
- Dealer, contractor and project enquiry handling
- Site-visit request and lead capture
- Customer name, phone and approximate area capture
- Requirement type capture: bathroom, kitchen, flooring, elevation or project
- Automatic handoff to a staff member
- Conversation history and lead tracking

Initial chatbot knowledge setup

Knowledge area	Information required from Avenza Ceramic
Business	Address, timings, phone number, service areas and showroom details
Products	Main collections, sizes, finishes, availability and approved descriptions
Commercial	Price enquiry process, quotation process and dealer/project process
Sales	Lead handoff rules, staff contact details and follow-up process
FAQs	Delivery, installation, samples, returns and common customer questions

Chatbot API

The chatbot will initially use a suitable free-tier API key, subject to the provider's availability and usage limits.

5. Instagram and Facebook Advertising Service

Autozentic will create and manage one month of Instagram and Facebook advertising campaigns for Avenza Ceramic.

- Campaign objective and funnel planning
- Audience, location and interest targeting
- Lead-generation or WhatsApp-enquiry campaign setup
- Ad copy and campaign messaging
- Basic campaign and ad-set structure
- WhatsApp call-to-action or lead-form setup
- Campaign monitoring and optimisation
- Audience and budget adjustments based on performance
- Basic end-of-month performance report

Item	Included / excluded
Campaign management fee	Included for one month
Meta advertising budget	Not included; paid separately by the client
Basic ad copy	Included
Professional photo/video shoot	Not included
Influencer or creator fees	Not included
Additional campaign months	Quoted separately

Advertising fee

One-month Instagram and Facebook ad campaign creation and management: Rs. 8,000. The advertising spend paid to Meta is separate and will be controlled by Avenza Ceramic.

6. Hosting, Support and Delivery

Support item	Coverage
Server / hosting	One year from deployment, including basic hosting and operational configuration.
Bug support	Two years for bugs in the delivered software and existing workflows.
Implementation	Development and setup will be completed in under 7 working days after receiving required access and business information.
Renewals	Server renewal after one year is chargeable separately.

Information required from Avenza Ceramic

- Facebook Page and Instagram professional account access
- WhatsApp Business account and Meta Business Manager details
- Product catalogue, approved descriptions and pricing information
- Business address, showroom timings and service areas
- Frequently asked questions and delivery information
- Approved promotional content and campaign offers
- Customer database with valid consent for broadcasts

Bug support exclusions

- New features, major redesigns and new integrations
- Paid AI/API usage or third-party subscription fees
- Meta policy, API or account changes outside Autozentic's control
- New advertising campaigns after the included one-month period
- Professional photography, video production and content shoots

7. Commercial Terms

Service	Professional fee
WhatsApp marketing and Instagram/Facebook chatbot software	Rs. 37,000
Instagram and Facebook ad campaign management for one month	Rs. 8,000
Total professional fee	Rs. 45,000

Payment terms

- 50% advance: Rs. 22,500
- 50% before final launch: Rs. 22,500
- Applicable taxes, Meta message charges and advertising budget are additional.

Compliance and proposal validity

Broadcasts will be sent only to customers who have provided valid consent or have an appropriate business relationship with Avenza Ceramic. WhatsApp templates and chatbot content must comply with Meta policies. This proposal is valid for 2 days from the date above.

Acceptance

We look forward to helping Avenza Ceramic build a stronger digital sales and customer-support system through WhatsApp, Instagram and Facebook.
